Bullys on their Best Behaviour Training Package

This 4 week course is specifically designed for you and your Bull Breed. It is aimed at supporting you in adhering to the new legislation and the implications this may have for you and your dog, as well as looking at the specific behavioural challenges you may face as a Bully owner. Over the 4 weeks you and your dog will:

- Learn about the relevant legislation that may impact you and how this may affect your dog's wellbeing.
- Form a positive association with a muzzle (if they haven't already)
- Learn about learning theory and the importance of positive reinforcement.
- Understand how arousal can lead to an "out of control" dog and how to promote calm and self-control.
- Learn how to provide extra mental stimulation and environmental enrichment.
- Work on skills including walking nicely on the lead, focusing on you and "checking in", greeting people calmly, leaving and dropping an object, waiting.

These are one to one sessions in the comfort of your own home so if you have any specific training concerns that may not be covered in the above then please let me know and we can tailor the sessions to suit you and your dog.

From 31st December all XL Bully types will need to wear a muzzle during the sessions, and from 1st February 2024 you will need to show an exemption certificate. This course is not suitable for dogs who have shown aggression previously, please contact me if you are unsure and we can work out the best way forward.

Price - £100 for 4 50-60 minute sessions, payable on the first session.
