Happy Puppy Training Package

This 4 week course is aimed at helping you set your puppy up for life, giving you the skills to ensure that your new addition grows up to be well mannered, confident and above all, happy! Over four weeks you and your puppy will cover:

- How dogs learn - and why things might go wrong
- Positive socialisation
- Enrichment and the importance of mental stimulation
- Health - nutrition/neutering
- Help with puppy biting, toilet training, settling at night and understanding adolescence
- Work on skills including walking nicely on the lead, calm greetings, sit, down, stay, leave, settle and recall.

These are one to one sessions in the comfort of your own home so if you have any specific training concerns that may not be covered in the above then please let me know and we can tailor the sessions to suit you and your dog. Some training may also take place out and about in your local area.

Price - £150 for 4 50-60 minute sessions, payable on the first session.

Includes weekly notes that form a puppy handbook, containing information on all the topics covered.
